April 24, 2008

Michael Huerkamp, DVM  
Director – Division of Animal Resources  
Division of Animal Resources - Med School  
Whitehead Research Building - Ground Floor

Dear Dr. Huerkamp,

This letter is authorization from the IACUC for the Division of Animal Resources to halt animal orders and additional breeding and/or weaning on IACUC protocols that have exceeded their allotted number of approved animals. The Division of Animal Resources will be responsible for notifying the authorized users of their current usage when they have used 90% of the animals authorized (policy distributed March 1, 2002). The Division of Animal Resources will keep the IACUC office informed of users who are approaching their limit and those individuals who have overused their approved number of animals.

Sincerely,

Samuel H. Speck, Ph.D.  
IACUC Chair
