

Cell Line Testing Instruction Form

Division of Animal Resources
Phone: 404-712-9902
Fax: 404-727-3253

Arrangements for Testing

Schedule cell-line testing with the DAR Clinical Laboratory located in the Whitehead Biomedical Research Building - Room G02

Please call either Karen Lieber (2-9902) or Kristy Weed (2-2040) prior to bringing cell sample.

Samples brought to the lab will be processed for shipment on the next business day.

Please note that **no samples will be shipped out on Friday**.

Investigators will be charged approximately \$500.00 plus shipping for each cell line tested.

Cell Sample Needed For Testing

Per cell line:

One 2 ml Screw-capped Cryovial with 10 million cells suspended in their growth media.

Place sample on Dry Ice and transport to DAR. Please have the following information when you drop off the sample: Name of the cell line, type of cell line, where the cells line was obtained, the PI name, department, phone number, fax number, email address and account number to be billed..

Results of Testing

Samples must be screened for pathogens before being used to inject into rodents. Samples will be sent for PCR testing to the University of Missouri. The turnaround time for testing is approximately 10 business days. The Cell Line testing results will be faxed to the Investigator and IACUC when received by DAR. The Investigator will also be called with the results during this same time frame.

If you have any questions please contact:

Karen Lieber, RVT, RLATG (2-9902)

Kristy Weed, RVT (2-2040)

Dr. Deborah Mook, DVM (7-3248)
